

what ever you're
looking for...

Murray Farmcare....
First in Animal Health

A leading UK veterinary pharmacy, registered with the Royal Pharmaceutical Society of Great Britain, Murray Farmcare continually strives to offer that bit more.

Yes, traditional and leading edge products are available on demand. Service is quick and reliable. Naturally, the quality of everything that we supply is guaranteed, without question.

Beyond these basic yet essential elements is the level of care and professional advice on offer.

Over 25 years, hundreds of farmers have come to value and rely on that advice which is more often than not free to customers.

Special internet offers and industry-best spot purchases are all in the mix and help towards your bottom line.

However, our ultimate aim is to work with you as 'partners' in Farmcare to get the very best from your livestock. Doing the right things at the right time returns so much more.

Put us to the test on prices. Check us out for service. Enjoy the convenience of online re-ordering.

Above all, we invite you to experience the professional care that our dedicated team offers.

medicines

PREVENTION and **TREATMENT** of disease

Professionally qualified personnel are always available for consultation.

As a veterinary pharmacy our service extends to dispensing of prescriptions and breaking bulk, where appropriate, to match your needs more exactly.

We continually strive to fulfill our claim to be first in animal health.

Royal Pharmaceutical Society of Great Britain

First in animal health

nutrition

LIVESTOCK GROWTH and **HEALTH**

Our sales team and technical personnel are trained to offer advice on livestock nutrition programmes. Ask about ways in which we can provide customer-specific formulations.

Liquid mineral / vitamin supplements can be supplied for administration along with wormers to make light work and increase daily liveweight gains.

At today's costs it is more important than ever to avoid overuse of unnecessary minerals and trace elements. Have your minerals expertly matched to your ration using our Downland Minlink programme – quick, accurate and at no extra cost.

Take advantage of our knowledge to get more from your 'Farmcare partner' status.

identification

FAST SERVICE

Murray Farmcare is one of the country's largest suppliers of tags.

We use a direct electronic ordering system that creates a fast (next day) service from order to delivery for both routine and urgent replacements.

We supply all major manufacturer tags for cattle, sheep and pigs.

hygiene

DAIRY HYGIENE We are main distributors for the comprehensive Downland range of:

- Dairy chemicals
- Mastitis control

BIOSECURITY Products and systems are available with advice on all disinfectant types.

PEST CONTROL A flexible range of products is available including those for rodent and mole extermination.

grassland & forage

SPECIALISTS Farmcare specialists are available to advise on the following:

- Herbicide or insecticide required following crop inspection.
- Grass seed mixtures from Downland designed specifically for our local climate.
- Silage additive. The Downland product is at the forefront of additive technology and is realistically priced.
